

CDB-C

Classic Composite Decking Board

Overview

The Classic Composite Decking Board is a wood-polymer composite (WPC) board with a contemporary, grooved appearance, ideal for achieving a quintessential composite look. This robust and chunky board is reversible, providing both narrow and wide groove options, offering greater design possibilities. The range comes complete with matching bullnose boards and corner profiles for seamless steps, edges, and fascia interfaces.

- 5 Colour options, 10 different looks
- Long-lasting: will not rot, warp, or twist
- Non-slip and splinter-proof
- Low maintenance: no need for treatment or staining
- Manufactured using FSC-certified timber (FSC®-C156894)
- Bullnose boards and corner profiles

Details

Material	Wood-polymer composite (WPC)
Dimensions	3600x150x25 mm
Weight	10.44kg per board
Sustainable sourcing	Manufactured using FSC-certified timber (FSC®-C156894)

Performance

Slip resistance (BS EN 7976)	Classification: Low Slip Potential Narrow Groove - PTV (Dry) 49, PTV (Wet) 37 Wide Groove - PTV (Dry) 50, PTV (Wet) 37
Allowable load	See “Compatible system” data
Maximum span	350mm
Biological and chemical	Resistant to moulds, algae, alkali, bitumen, UV
Warranty	10 years*

*when used as part of a complete RYNO system

Part Information

Name	Length	Width	Height
Corner Profile	3600mm	54mm	40mm
Bullnose Board	3600mm	150mm	25mm

Finishes

			
Charcoal	Chocolate	Sand	Slate

Compatible Components

	DS Aluminium Joist		DSB Decking Screw
	DST Decking Screw for Timber		RDA Self-levelling Adjustable Joist Support Pedestal
	RDA-C Self-levelling Adjustable Joist Support Pedestal with Clip-on Head		RDF Fixed Head Adjustable Joist Support Pedestal
	RDC-A Adjustable Joist Cradle		RDC-F Fixed Height Joist Cradle
	CTC Decking T-Clip - Composite		

Compatible Systems
