Desert Beige Limestone Setts

Overview

The Desert Beige Limestone Setts are small format natural stone cobbles that offer a unique and beautiful finish for roof terraces. Crafted from durable limestone, these setts can be laid in a variety of patterns on the Baseboard support system. Available in both washed and glass-etched finishes, the etched option provides a contemporary, anti-slip surface with a muted appearance. The cobble-style natural stone surface offers rich texture and brings traditional character to a modern architectural feature, the roof terrace.

- Beautiful aesthetic
- Multiple laying patterns
- Washed and Etched Finishes available
